TIME TEMPERATURE INDICATOR

LOW
COST

*Identifies
temperature &
time abuse*

Time Temperature Indicators

Features

- » Color change with temperature abuse
- » Color change over any pre-set time up to 60 days
- » Easy to interpret - no ancillary equipment needed
- » Low cost

Benefits

- » Product differentiation
- » Brand protection
- » Improves food/medicine safety
- » Verifies transport & storage condition (*BOTH TIME & TEMPERATURE*)

Uses

- » Place decal on food packaging
- » Freshness advisory for end users, transporters, retailers and processors
- » Good for challenging handling; seafood, frozen foods, vaccines
